

## Cowboy Star

Skill level: Easy+

Cutting method: rotary cutting

Fabrics: 3 colors -  
light, dark and  
medium or med. dark

Cutting: use the  
chart below for the  
size block you need.

*This block belongs to the public domain and may be used by anyone. The instructions, however, are copyrighted and may not be reproduced without permission.*

Quantity to cut	3" block	6" block	9" block	12" block
Light:				
2	2" x 2"	3" x 3"	4" x 4"	5" x 5"
4	1" x 1.5"	1.5" x 2.5"	2" x 3.5"	2.5" x 4.5"
8	1" x 1"	1.5" x 1.5"	2" x 2"	2.5" x 2.5"
Medium:				
2	2" x 2"	3" x 3"	4" x 4"	5" x 5"
2	1" x 1"	1.5" x 1.5"	2" x 2"	2.5" x 2.5"
Dark:				
2	1" x 1"	1.5" x 1.5"	2" x 2"	2.5" x 2.5"
4	1" x 1.5"	1.5" x 2.5"	2" x 3.5"	2.5" x 4.5"

*Block size refers to finished size.*

Use a scant 1/4-inch seam allowance unless otherwise specified.

### Step 1: Half-Square Triangle Units

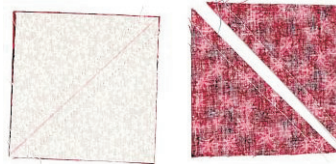

Draw a diagonal line on the back side of the two large light squares.

Place light squares on med. dark squares, right sides together. Sew 1/4-inch on each side of drawn line.

Cut squares in half on drawn line, making four units.

Press seam toward the light fabric -- this creates less bulk later.

Trim HSTs to size needed: 1.5" square for 3" block, 2.5" square for 6" block, 3.5" square for 9" block, 4.5" square for 12" block.

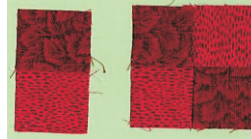

### Step 2: 4-Patch Unit

Sew a small medium color square to a dark square. Press seam toward the dark square.

Repeat.

Sew these two sub-units together to make 4-patch unit. This seam can be pressed either way.

### Step 3: Flying Geese Units

Place one of the remaining eight small dark squares on the end of a light rectangle.

Sew on the line. Trim 1/4 inch from line. Press toward the dark fabric. Place another small square on the other end of the rectangle, sew on the line, then trim and press.

Repeat this process for the remaining light rectangles and squares to make four flying geese units.

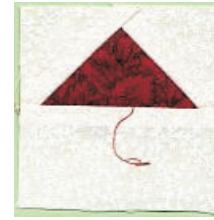

**Step 4: Grounded Flying Geese**

Sew a light rectangle to each flying geese unit.

Press the seams toward the rectangle.

**Step 5: Center Row**

Sew a grounded flying geese unit to the left and right sides of the 4-patch unit.

Press the seams toward the 4-patch unit.

**Step 6: Top and Bottom Rows**

Sew a half-square triangle unit to the left and right sides of the two remaining grounded flying geese units. You will have two rows that look the one pictured below.

Press the seams toward the half-square triangle units.

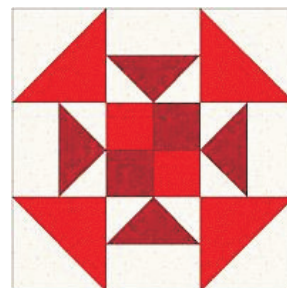

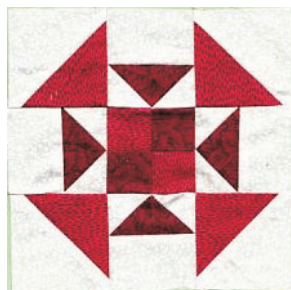

**Step 7: Sew the Rows Together**

Pin the top and bottom rows together. If the seams don't match properly, make adjustments now by restitching the top and/or bottom rows to make them fit the center. When the seams nest together well, sew the rows together.

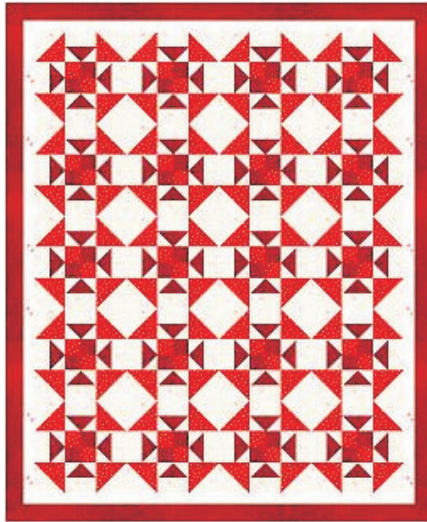

Press new seams away from the center.

Give the entire block a good press.

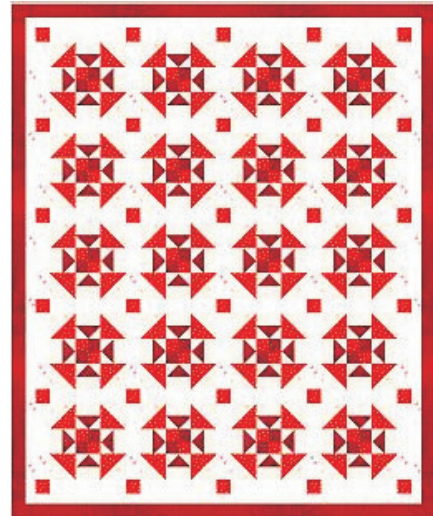

Measure the block and trim if needed to square it up to correct size.

Here's what this block looks like in some basic setting layouts:

without sashing

with sashing and cornerstones

Use the diagrams below to try your own color palettes.
